

Dear Partners,

I hope you are having a great summer!

It's my pleasure to first announce and invite your students to participate in the Erasmus+ Blended Intensive Programme (BIP):

***ERASMUS+ BIP: Multi-Spectral Imaging and System Analysis: tools for smart water management Sentinel-2 MSI for water quality monitoring***

***7 th Edition | 8 ECTS | February – March, 2023 | IPBeja - Portugal***

Teachers are very welcome to collaborate as well!

The Erasmus BIP is taking place at Polytechnic Institute of Beja, located in the beautiful region of Alentejo, Portugal, for 5 weeks in February/March 2023 (8 ECTS): 3 weeks face-to-face followed by 2 weeks of online sessions.

Despite official registrations are just opening in September, interested students and teachers are invited to express participation interest by sending an e-mail to [nuno.pereira@ipbeja.pt](mailto:nuno.pereira@ipbeja.pt)

I kindly ask partners to spread this Erasmus BIP among your students and for supporting us in advertising it!. Brochure attached!

Thank you for your partnership and collaboration!

I hope to welcome your students and staff in a near future at IPBeja, for the BIP or other Erasmus mobility opportunities!

Enjoy the summer and all the best!

Com os meus cumprimentos / Yours Sincerely

**Maria Cristina Palma**
